SOMETHING FOR

ANNETTE JOHNSON
Paradise, UT

As a young child, Annette watched with fascination as her grandmother sewed and mended. She carried that curiosity into her own life when, as a young child, she sewed doll clothes by hand, just like in the "olden days." She purchased her first sewing machine, a BERNINA 930, shortly after graduating from high school, and while her husband pursued his degree, she attended classes in tailoring and alterations.

BERNINA sewing machines are a topic of passion that Annette brings to the classroom. Often, her first

question to customers is "What are your favorite sewing projects?" this opens the gateway to finding the BERNINA Sewing machine that will bring their fun, creative imaginations to life.

Annette has a patient, gentle teaching style and enjoys teaching as students unlock their own potential, bringing the wonder of creative possibilities to life. We learn together as students enhance their skills and share their experiences. She delights in watching her students light up with joy as they learn new skills and explore a world of creative opportunities with their machine

Annette enjoys teaching tips and tricks to make projects easy and fun. Ask her about magical flying geese or how to sew a perfect hem on a skirt. From sewing machines to overlockers, Annette is comfortable with both and almost always uses a combination of both machines for her projects. She has experience with wedding & prom dresses, costume design, dance dresses, quilting and crafty home dec projects

Life is a journey and being creative brings joy into our world of experience while building friendships and expanding our vision of creating on any level. This is what Annette loves about her work.

Join us and your friends for an exciting and fun morning at The Quilt Basket in York, NE, as we present all the NEW products from BERNINA University.

ANNETTE JOHNSON from BERNINA will be here to present "What's NEW" and share her tips and tricks with you. We will have something for everyone from beginners, quilters garment creators, recyclers and Top Of The Line innovations

Just a Note:

I just wrapped up BU classes, and I'm thrilled about the new machines, features, and products! Bernina has truly outdone themselves this year, keeping us at the forefront of the market. Check out the new XLarge magnetic hoop for the 990, two sizes of sticky hoops, a 9mm walking foot, and 360° luggage (yes, 360° luggage!). The 790 Ultra boasts 3-point placement, jumbo stitch, auto stitch plate recognition, and many new quilting functions. The new 620 & 660 Sergers are fantastic additions to the lineup—I even made a sweatshirt with them and loved it! Plus, the Liberty 580 with embroidery and the 495 are stunning machines. Bernette also introduced the b57 & b59, featuring impressive options for this machine level.

Check out the new machines in the Bernina email that will be sent tomorrow.

Join us for the BU Roadshow on Tuesday, July 28th at 9:00 am to see these products up close. Touch, feel, and ask questions!

Till next week...

If you have any upcoming events you would like to share with us we will be glad to get them on here!
